

CD-R / DVD-R Silk-Screen Printing Template - 24mm hub

This template shows the printable area for your information only, to assist you in placing your text and logos where it will not be cropped. When creating artwork for disc printing please it is sometimes easier to create a 120mm by 120mm square allowing the image to cover the entire disc. Do not remove the centre circle.

When you save your artwork, please ensure the following

- › It is a CMYK file
- › Any Pantones required are specified
- › No trim marks or key lines appear
- › It is a minimum of 300dpi
- › And you have converted fonts to paths

Please note: when silk-screen printing onto silver discs, a base white may be need to be included. If you are unsure, please contact our sales team.

If you would prefer, you are welcome to send us artwork files in Photoshop, Quark, Illustrator or CorelDraw, however there may be additional artwork charges for the adjustments required to fit the relevant template.

If you would like to discuss these requirements further, please give our sales team a call on 01256 681100
